CHANGING LIVES

THROUGH FOOTBALL

To bring the power of football into communities nationwide; and to inspire and encourage vulnerable and homeless young people to turn their lives around for the better.

THE STREET SOCCER FOUNDATION

The Street Soccer Foundation is an award-winning charitable non-profit organisation operating nationwide throughout England. We work in a collaborative manner with Football Club delivery partners and Supporters using football as a catalyst to improve the lives of vulnerable and homeless young people across the country.

The Foundation was established in 2015 with the goal of driving change in the country using the power of football. We understand that football is an incredible engagement tool because of its role as the global no.1 sport which is why we have adopted football as our means to attract, engage and inspire young people, especially those currently experiencing homelessness.

01

OUR STORY

The idea of The Street Soccer Foundation was born after I listened to the plight of homeless people in England and as an ex-footballer, the thought of using football as the platform to attract, engage and inspire these vulnerable young people was compelling.

My desire led to a meeting with the Professional Footballers' Association (PFA) which was followed by an invitation to meet with the CEO of the West Ham United Foundation, the official charity of the Premier League Football Club. Thankfully, our interaction culminated in the birth of the Street Soccer Foundation in 2015.

Since our initial collaboration, the Foundation has made huge strides in helping homeless and vulnerable young people across the country by educating, motivating and supporting them. Our achievements include receiving national acclaim from the likes of The Premier League, PFA, FA, the BBC and ITV. We have now grown to become the leading football-led project specifically tackling youth homelessness in England with several delivery partnerships with professional Football Clubs and their community teams.

I am very proud of the achievements of the Foundation though the progress has not been solely my effort. I am fortunate to be supported by an incredible team of colleagues and volunteers that understand the vision of the Foundation which is to bring the power of football into communities nationwide and to inspire and encourage vulnerable and homeless young people to turn their lives around for the better.

On behalf of the Street Soccer Foundation, I want to say a heartfelt thank you to all involved and to our sponsors, supporters, friends and volunteers. Like football, this is a team game and it is with your on-going support that we are able to help so many others.

OUR TEAM

The Street Soccer Foundation leadership team is a dynamic mix of individuals with various levels of experience and expertise. Fundamentally, every one of the team have a common purpose: to make a difference to as many vulnerable young people as possible.

And through our Delivery Partners, we have an extended family made up of FA and UEFA qualified Football Coaches and Education & Employability qualified professionals, all committed to serving their local community through the power of football.

“

I am immensely grateful to have such highly-skilled and motivated people around me, all who are committed to supporting the work of the Foundation which in turn gives every one of our team collective the privileged opportunity to witness and be a part of the inspiring and impactful work we deliver.

OUR PARTNERS

As part of our strategy to maximize resources, stimulate positive change and ultimately support long-term sustainability through knowledge transfer, innovation and continuous learning; the Street Soccer Foundation adopts a 'partnership-driven' approach to achieving its goals.

In 2015, we partnered with West Ham United Football Club and the West Ham United Foundation. This partnership led to the establishment of our first ever Street Soccer Academy which achieved excellent outcomes for the young individuals we supported – all of whom successfully completed the

course and went on to further training or into employment, with greatly improved levels of confidence and self-belief.

Following the successful pilot of the inaugural Street Soccer Academy programme, the Street Soccer Foundation took the Street Soccer Academy course into Kent and added a new partnership with the English Football League (EFL) side, Gillingham FC. With funding now in place to deliver the Street Soccer Academy – in partnership with Gillingham FC and its Community Trust – the Street Soccer Foundation was able to go on and support a number of homeless and vulnerable young people from across the County.

With the intention of formalizing the delivery structure of the programme, our founder approached Kent-based firm, FM Conway, for a proposed new corporate sponsorship. The meeting with the CEO, Michael Conway, in 2016 led to a new exclusive sponsorship, with FM Conway becoming the main sponsor for the Academy across Kent as well as the exclusive shirt sponsors for all Academies run in the County.

In the last four years, the Street Soccer Foundation is proud to have now gained the support from the PFA, as well as the Football Association, Premier League and EFL, and to be partnered with several professional football league clubs representing both The Premier League and The English Football League.

04

OUR VISION, OUR MISSION, OUR VALUES

OUR VISION

To help bring an end to homelessness in the UK for disadvantaged youths (under 25) and empower the young people we support to join our inspirational nationwide football-themed development programmes and change their lives for the better.

To help homeless young people to move towards possible job prospects, further training or volunteering, providing a progressive approach to building self-esteem and personal aspirations, together with practical skills and valuable hands-on experience.

To deliver meaningful impact by **changing lives, creating opportunities** and **building futures**.

OUR MISSION

Our mission is to be the leading football-led charitable organisation by creating a socially-good network of young people who significantly benefit from our development programmes.

We are committed to delivering high quality, accessible opportunities that improve the health and well-being, education and aspirations of the communities we serve to support; and to ensure that young people we help can find a home to live in, become employable, engage in new communities, become more active and provide our Foundation with real-life case studies that celebrate positive change.

Ultimately, our mission is to help end youth homelessness through the power of football.

OUR VALUES

Diversity

Commitment

Respect

Teamwork

Honesty

Community

Partnerships

Making a
Difference

05

OUR PROGRAMMES

The Street Soccer Foundation blends professional football coaching with mindset training and skills & employability workshops. Currently, the Street Soccer Foundation operates two programmes: The Street Soccer Academy and The Street Soccer School.

These flagship programmes revolve around delivering best informed interventions developed around local needs and aspirations. And with each programme tailored to meet the unique needs of each young person, we can define a starting point that is customized to support the journey of everyone.

Since inception of these programmes, we have achieved significant milestones in our quest to achieve our goal, with hundreds of young people at the receiving end of our developmental work.

“

Football and mindset coaching are the integral elements to the Street Soccer Foundation and helps to make both the Street Soccer Academy and Schools' programmes stand out as a unique opportunity and experience for young people to make a positive social change.

”

Adam Lawrence
COO, The Street Soccer Foundation

THE STREET SOCCER **ACADEMY**

The Street Soccer Academy is our nationally acclaimed flagship programme and the leading football-led project tackling youth homelessness in England.

The Academy includes a learning and development course for 16-25-year olds (male and female) provisioned at our Football Club delivery partner hubs. The course is specifically tailored for vulnerable young people who are currently experiencing homelessness – and those who are at risk of homelessness such as ex-young offenders and NEETS (Not in Education, Employment or Training).

The Academy programme provides selected young participants a fusion of **Professional Football Coaching; Growth/Positive Mindset Training; and Skills & Employability Workshops – with mentoring support offered throughout.**

This specially crafted ‘hat-trick’ is to enable course participants to fundamentally improve their mindset and be ready and able to move into Work, Education or Further Training after successfully completing the programme.

Throughout the course, we enable participants to build a positive mindset by helping them improve their confidence, self-belief, aspiration and emotional intelligence.

The course empowers young people to achieve their potential by giving them new experiences, providing educational opportunities and teaching participants new skills. Additionally, participants can work in teams where they can make new friends and have fun.

Our **TEEM** approach

Each Street Soccer Academy course focuses on a layering process with a ‘TEEM’ approach, following the same format:

1. **Training & Engagement: Football Coaching** (90 mins)

To start each training and engagement session, activities are led by our qualified Community Football Coaches. Selected participants will:

- Improve physical and mental health and overall well-being
- Increase fitness, confidence and enthusiasm for life
- Improve their social skills and hopefully make new friends along the way.

2. **Employability & Mindset: Skills to Succeed Workshops** (2 Hours)

Developmental workshops are then delivered following the initial football coaching sessions. During the course, participants will develop vital **employability** and **work-readiness transferable skills** such as: Communication;

Time-Management; Self-Management; Problem Solving; Giving and Receiving Feedback; Team Working; Goal-setting and more.

The Street Soccer Foundation is brilliant, the way it uses football as a positive force to help vulnerable young people out of homelessness and unemployment and into a pathway that's right and relevant for them. Football has the power to achieve so much for these young people

Mickey Ambrose
Chelsea FC
Ambassador and
Former Player

The programme educates, inspires and motivates young people by achieving high levels of engagement, which then sets a precedent for the interaction, learning and commitment from all involved.

THE STREET SOCCER **SCHOOL**

Designed as an Alternative Education Provision (AEP), the Street Soccer School includes a total of 10 hours professional football coaching, 10 hours of interactive and educational workshops, and Mentoring (“Team Talk”) sessions.

The Street Soccer School is basically an off-shoot of the Street Soccer Academy but the fundamental purpose of this programme is to use football in a preventative manner by inspiring pupils to adopt happier and healthier lifestyles; building resilience as well as supporting those who struggle to engage in lessons and stay out of trouble.

The Street Soccer School features a series of mindset coaching and mentoring team-talk sessions that are focused on enabling students to improve their self-belief, build confidence and resilience, as well as improve their aspirations and outlook.

The Street Soccer School programme partners with Primary and Secondary Schools in England to support vulnerable and disengaged school students with the goal of:

CHANGING ATTITUDES AND BEHAVIOURS TO EFFECT POSITIVE FUTURE OUTCOMES

Overall, the Street Soccer School programme is primarily focused on inclusion and attendance as well as improving behaviour and engagement. We have had several success stories already. One such success is highlighted below:

“There was one young boy in particular, who was not engaging in class and didn't want to participate in anything, but since being a part of the Street Soccer School his confidence has grown, and he is now engaging with Teachers and realising his behaviour in the classroom is important and he is now generally progressing much better, which is testament to the course.”

Wendy Ball, Teacher from Greenfields Primary School in Maidstone, Kent

Some of our participants have also spoken about the impact of the programme on their lives. Here are some quotes from our 2019 provision:

It has been brilliant, and I enjoyed attending

I have become more confident

It was fun, I definitely feel more confident and my skills have definitely improved

It was very fun, and I bonded with people more than I have done before

I am now very resilient

I am more confident about myself and my future

06

WHY WE ARE UNIQUE: THE POWER OF A POSITIVE MINDSET

When it comes to skills development and employability training, the Street Soccer Academy programme stands miles apart from your typical employability-driven course. At the Street Soccer Foundation, we believe that a positive mindset is an essential tool for anyone looking to shape their future positively. This is why our curriculum is focused on mindset training and improving self-awareness on the road to building a healthier and happier future.

Everyone involved in the work of The Street Soccer Foundation truly understands our 'why'. Why we do what we do. This is at the heart of how we approach our work and deliver our programmes for the benefit of those we support and inspire to ensure we realise and achieve life-changing outcomes for our young participants.

Keith Mabbutt CEO

*Change your mindset,
change your future*

Keith Mabbutt
CEO, The Street Soccer
Foundation

With this unique approach, we have caught the attention of several Premier League Football Clubs and their community arms and have exclusively featured on the BBC's *Match of the Day* programme on behalf of West Ham Utd and the Clubs' own Foundation.

We understand that the mindset is an established set of beliefs and mental attitude that pre-determines a person's responses to, and interpretations of, situations. And we know that every individual is just one decision away from a totally different life. This is why throughout the delivery of the Academy programme our coaching team continuously educate and inspire the young people on the course to realise that it is their responsibility for what they want to achieve.

Your past doesn't have to define your future. Anyone at any time can make a choice to become healthier and happier.

Kay Skelton

Head of Community, The Street Soccer Foundation

One of the core aspects of the Academy programme is the creation of a Personal Development Plan (PDP) providing each participant with a purpose, drive, and direction that they may have been missing. Our Course

Tutors will seek to nurture relationships which can provide an environment whereby course participants have a **true sense of belonging** and a place where they **feel connected**. As such, the ground work is laid to **enable a positive self-perception to develop and a pathway to achieve**.

At the Street Soccer Foundation, we also understand that engagement is a habit of mind and heart which is why physical, mental, and emotional health, support engagement and learning. This is the underlying reason why we achieve such high levels of success on the Street Soccer Academy programme.

A positive mindset is not just about thinking positively, it is about looking for the way that you can achieve something rather than find a whole load of reasons why you can't. It's about backing up positive thoughts with positive actions and being aware when others around you are negative. The difference between winning and losing, being rich or poor, good or great, can be as simple as changing your mindset. Your life, your thoughts, your choice!

Ash Lawrence

Mindset & Mentoring Head Coach, The Street Soccer Foundation

MENTORING SUPPORT FOR YOUNG PEOPLE

Beyond mindset training, the Street Soccer Foundation also provides mentoring sessions to our young people. Typically, these sessions are delivered either as group “Team Talk” sessions or 1-to-1 sessions as required.

Our Mentoring support is delivered by trained volunteer mentors through our Street Soccer Mentoring Club. Each appointed mentor will motivate, guide and assist young people who could be at risk of offending or social exclusion or need support towards the achievement of positive goals.

Through regular sessions either conducted over the telephone or in person at schools or at our community hubs, mentors will help build self-esteem and confidence, encourage and reward positive behaviours and introduce positive activities into people’s lives.

Mentor Quotes during 2019 provision:

I feel wonderful about what I've been able to do

It's been incredibly emotional and very rewarding

It's a nice feeling to be able to help someone

My first meeting with my mentee will absolutely stay with me forever

07

OUR IMPACT

The Street Soccer Foundation is committed to making a difference and improving outcomes in the lives of homeless and vulnerable young people. Over the last few years, our support has been pivotal in building the resilience of these young people as well as reducing the burden on public services such as health and welfare.

We carried out a study between January 2016 and September 2019 to evaluate the impact of the Street Soccer Foundation on its participants and the wider communities. The results and analysis of this study provided insight into the key areas of impact within the Street Soccer Foundation: education and employment, crime, and health. All essential to improving the community and social wellbeing, across the regions we support.

Overall, for every £1 invested, the Street Soccer Foundation has returned £8 of social value which is delivered through increased confidence, securing employment and gaining work-related skills for those we supported during the period.

DURING THE STUDY PERIOD:

THE STREET SOCCER FOUNDATION RECORDED OVER

ATTENDANCES

WITH MORE THAN

PARTICIPANTS AGED 16-25

THE FOUNDATION DELIVERED

HOURS OF FOOTBALL COACHING,

FROM THE RESULTS OF THE STUDY, THE SOCIAL IMPACT VALUE OF THE STREET SOCCER FOUNDATION WAS MEASURED AT OVER

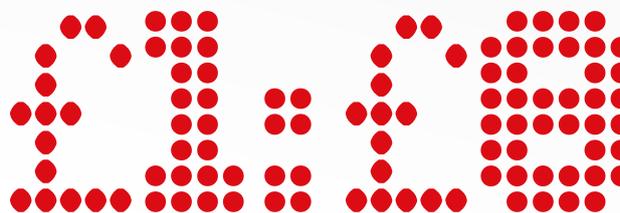

(£512,000) BASED ON THE VALUE DERIVED BY THE PARTICIPATING YOUNG PEOPLE.

ADDITIONALLY, THE NET BENEFIT DURING THIS PERIOD WAS VALUED AT

HOURS OF SKILLS & EMPLOYABILITY WORKSHOPS

THE STREET SOCCER FOUNDATION'S SOCIAL RETURN ON INVESTMENT (ROI) WAS PUT AT:

IN ADDITION TO MINDSET TRAINING AND MENTORING SUPPORT FOR PARTICIPANTS

The net benefit is the total social value in £s produced for the communities served MINUS the amount of money invested into the projects. The Social ROI is a recognised, rigorous approach for charitable organisations to measure their impact by attaching a financial value to its achievements.

The methods used to determine The Street Soccer Foundation's impact were: Participant Interviews, Participant Evaluation Forms and the Wellbeing Valuation Model* – via HACT (HACT Value: <https://www.hact.org.uk/hact-value>)

* Wellbeing Valuation represents the latest thinking on valuation of non-market goods and is the most robust approach to social impact measurement available. The approach follows HM Treasury Green Book guidelines and is currently used by several government departments including HM Treasury, Department for Work and Pensions, the Cabinet Office, the Department for Culture Media and Sport and the Department for Business Innovation and Skills.

08

TESTIMONIALS

Life changing

Academy Exit Surveys
2018 & 2019

Absolutely brilliant - I gained more confidence within myself and made new friends. It was an experience I will always remember

Academy Exit Surveys
2018 & 2019

Street Soccer helped me massively. They supported and encouraged me so much. The team at Street Soccer helped me to realise that I can do anything I want if I put my mind to it

Academy Exit Surveys
2018 & 2019

I've definitely become more confident and more positive when looking into the future. The future holds a lot. I just need to apply it. The course has exceeded all my expectations

Melissa

The course has been fantastic. I've loved it, everyone including coaches were supportive. My confidence has improved massively

Billy

It's changed my outlook on life in general. I've understood that I need to change if I want to make something of my life

Jacob

09

CASE STUDIES

JODIE'S STORY

Jodie (20) was homeless and had been sleeping rough on and off for 2 years after falling out with her Mum and Dad. To her own admission, she is now able to reflect on what she describes as a life-changing experience after graduating from the Street Soccer Academy course. She is now training to become a Coach.

Projects like Street Soccer are so important. They really help people in situations like I found myself. It really helps to give people a chance to show what they can do. They do an amazing job and I can't thank them enough and as an Ambassador, I now really want to inspire others who can benefit from it too.

MICHAEL'S STORY

Michael (21) secured a full-time role at Barnet FC soon after his graduation from the Street Soccer Academy. Michael had been homeless for 6 months before he joined the course and didn't think he'd get selected onto the Academy when he applied. He was nervous about meeting other people and course organisers, but he was keen to impress and do well.

The programme definitely changed my life; I'm more positive than I've ever been. The Street Soccer course helped me become more work ready. I felt more able to get into employment. I would recommend the Street Soccer course to everyone. It really helped me, and I loved it.

LYNDEN'S STORY

Lynden (22), came into the Street Soccer Academy programme as someone anxious and low in confidence, living in temporary sheltered accommodation. With Asperger syndrome he also found it difficult in social situations and to communicate with people not known to him. He was long-term unemployed but keen to improve his prospects and better himself. Lynden was able to commit to the course and successfully graduate, securing a 12-week Traineeship to focus on becoming a Coach.

The Street Soccer team have helped me so much. They've shown me that there's a lot more to life than to sit there and dwell on things. I can't thank the team enough.

10

OUR 2022

IMPACT VISION

As part of our partnership-driven approach, the Street Soccer Foundation has established an overriding ambition for the next 3 years. This ambition which is named the '2022 Impact Vision' is targeted at forging a number of effective delivery partnerships to take our nationally acclaimed Street Soccer Academy programme across the country into areas where homelessness is a proven issue. Our intention is to see our activities support, educate and inspire as many vulnerable and homeless young people as possible in order to change their lives for the better.

Our current partners, which include several Premier League Clubs, are looking forward to delivering the Street Soccer Academy into their local communities nationwide. Specifically, our 2022 Impact Vision sees the following growth and expansion of our Academy provision:

2020:

5 DELIVERY PARTNERS

EACH DELIVERING A MINIMUM OF **2 STREET SOCCER ACADEMIES** DURING THE SEASON

= 10 STREET SOCCER ACADEMY PROGRAMMES

SUPPORTING UP TO **150 YOUNG PEOPLE** NATIONWIDE

2021:

10 DELIVERY PARTNERS

EACH DELIVERING A MINIMUM OF **2 STREET SOCCER ACADEMIES** DURING THE SEASON

= 20 STREET SOCCER ACADEMY PROGRAMMES

SUPPORTING UP TO **300 YOUNG PEOPLE** NATIONWIDE

2022:

20 DELIVERY PARTNERS

EACH DELIVERING A MINIMUM OF **2 STREET SOCCER ACADEMIES** DURING THE SEASON

= 40 STREET SOCCER ACADEMY PROGRAMMES

SUPPORTING UP TO **600 YOUNG PEOPLE** NATIONWIDE

In achieving our 2022 Impact Vision, the Street Soccer Foundation will have invested more than £1/2M (£560,000) into communities across the country over the next 3 years with the ambition of creating almost £4.5M social value (£4.48M) during the period, based on achieving the current social ROI as reported up to September 2019.

As a result of realising our 2022 Impact Vision, the Street Soccer Foundation will have generated almost £5M social value nationwide since its inception.

Within this, the Street Soccer Foundation aims to deliver the following benefits over the next 3 seasons:

1,050

Hours of football coaching

1,400

Hours of skills-based workshops
and mindset training

2,625

Hours of combined
mentoring support

1,050

Homeless and vulnerable
young people supported across
the country

The 2022 Impact Vision also includes:

1

Developing and **expanding** our Street Soccer School provision with **Primary and Secondary Schools**

2

Developing our **School-based Mentoring programmes**

3

Recruiting and training enough **Volunteers** to meet **increasing demand**

4

Increasing the **proportion of our income** generated through **fundraising**

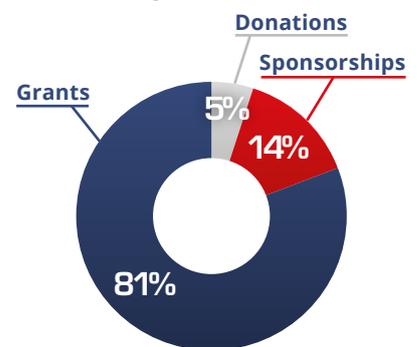

11

THE STREET SOCCER FOUNDATION **NEEDS YOU**

At the Street Soccer Foundation, we understand that delivering meaningful change requires a significant amount of investment and we are incredibly grateful to the partners that have supported us and continue to do so. However, our ambition is large, and our desire is to deliver more within the communities we support.

One of the ways we strive to do more is by encouraging more people to join us in our movement to help homeless and vulnerable young people and we hope from reading through this brochure, you will be inspired to support our work. Together we can change lives, create opportunities and build futures.

The Street Soccer Foundation Sources of Income – January 2019 to September 2019

Consequently, the Street Soccer Foundation will be seeking to roll-out several fundraising events and campaigns in the coming years in order to support our 2022 Impact Vision. Our goal is to raise at least £1/2M over the next 3 years from voluntary income and we have planned a variety of fundraising events to take place each year going forward, including Sleep Outs, 5-a-side Football Tournaments, Golf Days, Dinner Events and more.

Our corporate partnerships and the invaluable support from individuals, community groups, businesses both local and national, and other voluntary groups, are all vital to us in affording us the opportunity to continue making a difference to those who are currently experiencing homelessness across the country.

It costs on average £800 to deliver one of our Academy sessions supporting up to 15 homeless and vulnerable young people at a time.

With homelessness now a national social crisis and a decrease in Local Authority funding across the country, the Street Soccer Foundation is seeing an increase in demand for its service provision and delivery activities – whilst being faced with the challenge of generating enough income to support the required provision.

I believe that Keith and the team have done a fabulous job helping young people improve their life chances. I am committed to supporting Keith in growing the endeavour to help as many as possible.

Paul Andrews
CEO of jobsinkent.com /
Ambassador
(Kent)

HELP US, HELP OTHERS – AND MAKE A DIFFERENCE

Here are a few ways you could help and get involved to support the work of the Street Soccer Foundation:

1. VOLUNTEER

You could become a Street Soccer Volunteer Mentor, becoming a positive role model who is there to guide and advise the young people we support through our Academy and School programmes. This is your chance to help young individuals realise their true potential - through the power of football and mentoring.

And we know that your donating time to a good cause can positively impact you too! As well as the sense of gratification gained from giving your time to people who need it, you can also benefit from many other mental and physical gains such as: Increased confidence; Meeting new people and being a part of your community; Learning new skills; Being active; and having fun!

2. DONATE

The Street Soccer Foundation is about *Changing Lives through Football*. By donating to the Foundation, you will be playing your part in helping us to support, educate, motivate and inspire a greater number of vulnerable and homeless young people by enabling us to fund and deliver more Street Soccer courses throughout the footballing season each year.

Listed below are various donation levels. Every penny we receive is greatly appreciated and will go into supporting our transformational work with some of the most vulnerable and isolated young people in our society today.

£3 pays for a workbook	£5 pays for a pair of football socks	£25 pays for a Street Soccer football shirt	£50 pays for a Street Soccer tracksuit
£150 to become an official supporter for a year	£250 to become an official premier supporter for a year	£350 pays for 1-to-1 mentoring support for young participants for a week	£500 pays to sponsor a young person through a full Academy course
£1,000 pays for a full Academy course of skills and employability workshops for a group of up to 15 homeless and vulnerable young people			

3. PAYROLL GIVING

Payroll Giving is a way of giving money to charity without paying tax on it. It must be paid through PAYE from someone's wages or pension. Your employer needs to set up and run the scheme. The amount of tax relief you get depends on the rate of tax you pay. Contact a Payroll Giving agency to set up a scheme.

What then basically happens is you will make deductions each time you run payroll. The donation will be taken from your employees' pay before tax but after National Insurance. The donations are then sent to your agency – who'll pass them on to the Street Soccer Foundation, as your chosen charity.

4. ORGANISE A FUNDRAISER!

How about staging an event for the Street Soccer Foundation? Creating a challenge for yourself and your friends and work colleagues? Or maybe get involved with one of our own events and fundraise alongside it...

If you're stuck for some ideas, here are 10 for you to consider in support of our cause:

1. Run a Marathon
2. Enter a 10K
3. Do a Bike Ride
4. A Swim
5. Give up something you love: chocolate, your hair(!), alcohol etc
6. Do a Skydive
7. Organise a Cake/Bake Sale
8. A Year of Good Deeds!
9. A Golfing Day
10. Host a 5-a-side Football Tournament

We look forward to hearing from you!
