

The Street Soccer Foundation

Changing Lives Through Football

The Street Soccer Foundation

In the Beginning...

The Street Soccer Foundation was formed in 2015 by Keith Mabbutt, a multi-award-winning entrepreneur and former recruitment business leader recognised by the Centre for Entrepreneurs (CfE) and The Sunday Times as one of the UK's most successful Businessmen supporting the next generation. In his younger days, Keith was a footballer and played for Millwall, Gillingham and Charlton Athletic but missed out on a professional contract at the Addicks after sustaining an injury.

After learning of youth homelessness statistics across England, Keith wanted to help make a difference in young people's lives – knowing both the power of football and having a positive mindset – so he set about creating a new personal development programme which would use football as the 'glue' to attract and engage vulnerable young people, and take them on a journey of positive transformation through a combination of community-led football training and mindset coaching.

After receiving encouragement from the PFA and securing an initial delivery partnership with the West Ham United Foundation, the Street Soccer Foundation was up and running and hasn't looked back since.

Keith Mabbutt, Founder and CEO

Today...

The Street Soccer Foundation is an internationally recognised award-winning sport-for-change charity operating throughout England. It uses football as a catalyst to help educate, up-skill and inspire children and young people in communities across the country, creating lasting impact in the lives of programme participants and their families.

The charity motivates and inspires children and young people to believe in themselves, whilst building their confidence and self-belief, and improving their mental and physical health and well-being. Programme participants learn skills and techniques which enable them to make positive changes in their lives so that they can reach their goals on and off the pitch.

By using the global number 1 sport, the Street Soccer Foundation is committed to making a difference and improving outcomes in the lives of vulnerable and disadvantaged young adults and children throughout the world.

Our Values

Our Mission

To inspire, empower and positively impact 1 BILLION young lives to help change their life and their communities for the better, through the power of football.

As an internationally recognised football-led charity, our mission is to bring the power of football into communities both nationally and internationally – to help inspire and empower vulnerable and disadvantaged children and young people to create a socially-good global community of young lives who can improve their health and well-being, learn and develop, and become more active and aspirational to be able to turn their lives around for the better. Put simply, the Street Soccer Foundation exists to help others through the power of football and we will continue striving to achieve as greater positive impact as possible through partnerships and collaborations to achieve our mission.

Our Vision

To help bring an end to youth homelessness and poverty.

To unite individuals, families, communities, regions and countries to all come together in support of each other through the beautiful game.

Whether this is helping young people to move towards possible job prospects, further training or volunteering, our endeavour is to provide a progressive approach to education and help build confidence, self-esteem and belief, together with enabling the young lives we support to learn practical life skills and secure valuable hands-on experience in areas of interest or aspiration.

Fundamentally, our vision is to deliver meaningful impact by changing lives, creating opportunities, and building better futures.

Our Projects and Programmes

All organisations operate on three levels. Firstly, **WHAT** they do; then **HOW** they do it; and finally, **WHY** they do it.

Our **WHY** is the heartbeat of the Street Soccer Foundation. It reflects our purpose, the cause and belief that drives everything we do.

It's what inspires us to take action. It's also what inspires others to take action alongside us.

In the year of our formation, the 2030 Agenda for Sustainable Development was adopted by all United Nations Member States.

These Sustainable Development Goals (SDGs) provide a blueprint for peace and prosperity for people and the planet – with 17 SDGs established for countries to unite on through a true global partnership.

At the centre of the SDGs is Goal 17: 'Partnerships For The Goals' – and since inception the Street Soccer Foundation has been partnership-led as a charity in order to achieve our vision and mission.

This brochure provides an insight into our various projects, programmes and investments in how we are helping in areas across Sport, Education, Health, and Employment. All essential areas to improving the community and social well-being of those we engage with, across all the regions we support.

Street Soccer Academy

Street Soccer Academy

The Street Soccer Academy is our nationally acclaimed flagship programme and the No.1 football-led project tackling youth homelessness in England. Delivered in partnership with several professional football clubs across the Premier League and English Football League in communities nationwide, the Street Soccer Academy is a personal development and mindset coaching course, providing a learning and development opportunity for 18-30 year olds who are currently homeless or at risk of becoming homeless.

The specially crafted 'hat-trick' of football coaching, growth mindset training, and soft skills development workshops enable participants to fundamentally improve their mindset, identify employability areas of both capability and interest, and develop skills to equip them to be able to move into work, education or further training on successfully completing the programme.

*"Change your mindset,
change your life"*

Keith Mabbutt,
Street Soccer Foundation
Founder

Who is the Academy for?

The Street Soccer Academy programme is for 18–30 year olds who are currently experiencing homelessness but will also include young people deemed at risk of becoming homeless, such as ex-young offenders, long-term unemployed and NEETS (Not in Education, Employment or Training).

The aim of the programme is to motivate participants to improve their lifestyles and to enhance communities nationwide by empowering others to believe in themselves, to help build confidence and self-belief, to improve mental and physical health and well-being, and to have programme participants learn not just for knowledge, but for positive action, to help change their lives for the better.

"The Street Soccer Academy is one of our most important programmes here at the Tottenham Hotspur Foundation."

Sarah Ebanja,
Former CEO
Tottenham Hotspur
Foundation

"The Street Soccer Academy is the most impactful programme I have worked on and delivered in over 10 years as a coach."

Rob Fairfield
Liverpool FC Foundation

"I hold this programme dear to my heart. I really enjoy it. The opportunity the Street Soccer Academy provides is simply fantastic. The coaching of a can-do attitude and building confidence. When they leave the course, they feel they can achieve anything."

Daniel Kika
Tottenham Hotspur
Foundation

A Selection of Communities Supported through Partners

Investing into communities across England, the Street Soccer Foundation partners with Club Community Organisations (CCOs) up and down the country.

Using the appeal of the Premier League and professional football generally, the Street Soccer Foundation aims to create positive and lasting health and education outcomes for young people and the wider community.

By way of both invitation and selection, we provide a grant funding opportunity to CCOs each year. The CCOs will then appoint relevant and appropriately trained staff members to lead on the delivery of the Street Soccer Academy programme in their local community.

Normally each CCO selected will deliver two Street Soccer Academy programmes per season: one in the Autumn/Winter period; then again in the Spring/Summer period – effectively complimenting the football season.

Throughout the year the Street Soccer Foundation will then monitor, evaluate and report on the overall impact of all delivery activities nationwide across all partnerships to demonstrate the value of the Academy programme and our investment for the purpose of our stakeholders, delivery partners and sponsors – and for the benefit of communities across England.

Foundation

Personal Development for Individual Needs

The Academy programme prides itself on delivering best informed interventions developed around local needs.

Each programme is tailored to meet the unique needs of each young person, so we define and establish a starting point that is customised to support the journey of everyone.

Football as the lead sport, is often the 'glue' that helps to attract the young people to the programme in the first place. Though with the project focus being on personal development (mindset coaching) & soft skills improvement, the programme is able to quickly and effectively achieve on its overarching aims and objectives:

- Physical Activity Participation to support and improve general Health & Well-being
- Coaching of a Positive Mindset to support and improve Mental Health
- Improve Employability prospects
- Develop Soft Skills such as Motivation, Resilience, Confidence, Organisation, Time Management, Teamwork and Communication
- Empowering participants to take positive action.

The Power of a Positive Mindset

Having the right, positive mindset is a crucial internal attitude for young people. Through the training of such during the delivery of the Academy programme, young participants will begin to believe in themselves and in their capacity to reach their goals and thus increase their own learning and development success.

"I think the Street Soccer project has had a huge impact on who I am as a person"
SHAWN

"I learnt stuff about myself I didn't even know existed. The programme helped me overcome shyness and gave me more confidence"
RUBY

"It's been life changing. It's helped me to get on the right path. I feel much fitter and feel more motivated and confident to do something with my life"
BROOKLYN

"I've gained more confidence and now have a much better mindset on things. It's actually been good fun too. I really now want to be a mentor and help change other people's lives"
EDA

"This has been life changing for me"
STUART

"It's an amazing course. It's helped me change my life completely for the better"
SONNY

Measuring Success

The Street Soccer Academy measures its success in a variety of ways.

- **Initial Engagement.** After initially being able to engage and attract young people to attend (often those who are very hard to reach) coming back the following week is viewed by many as a big success, in particular for the individual involved.
- **Personal Improvements.** Improving language skills, confidence and self-belief: Again, these are all incremental improvements that are made by the young people during the programme.
- **Pathway Development.** On completing the Academy programme, young people often go onto securing a progressive pathway by obtaining a work placement, moving back into education, or perhaps progressing onto a new and more intensive training programme. These again, are all measures of success.

The Street Soccer Academy is a vital and proven intervention programme that complements education and learning through its delivery on key and essential soft skills, all the while helping to prepare young people for the workplace. It is the crucial first step towards engaging a hard-to-reach target group and will educate, inspire and motivate participants by achieving high levels of engagement, which then sets a precedent for the interaction, learning and commitment from all involved.

The Street Soccer Academy programme serves as a catalyst to ensure that through the power of football, voices are empowered, confidence is built, and lives are changed for the better during the unique conversations that occur throughout the course.

Changing Lives through Football.

Street Soccer Academy National Cup

The Street Soccer Academy National Cup is our prestigious annual 5-a-side national football tournament held at the Home of England Football: St George's Park.

This is a chance for young people who have successfully graduated the Street Soccer Academy programme to represent the club which led on the delivery of their Academy course – providing an incredible opportunity at an event which guarantees to create lifetime memories for all involved.

The National Cup sits alongside the nationwide delivery of the Street Soccer Academy programme and provides all young people taking part in the Academy with the unique incentive to commit and complete the course.

"The Street Soccer Cup is a great opportunity for people to go to the Home of England. It's fantastic. A great day out to meet other people, socialise with others, and have the chance to play in a tournament at St George's Park. It's a very special event."

*Adam Martin
Leicester City FC*

The very special day event brings together selected teams who are given the chance to provide their thoughts and feelings on their experience of completing the programme – before representing different Street Soccer Academy groups from across the country.

In a true celebration of achievement and a coming together of global and multi-cultural diversity, the event welcomes young people from all over the world, providing a platform to inspire against the backdrop of a unique and exciting annual competition.

"The Street Soccer Cup is the pinnacle of the year's Academies, a celebration of all the hard work that goes into our amazing programmes. It's a joy watching all our young people playing football together."

Kay Skelton
Head of Community
Street Soccer Foundation

MINDSET COACHING

Street Soccer Foundation

The Mindset Coaching Award was established out of a determined need to support those who were actually leading on the delivery of the Street Soccer Academy programme.

Initially conceived under a duty of care, the Mindset Coaching Award was constructed by a core team of hand-picked Industry experts and was developed into a fully-fledged accredited course: the first accredited Mindset Coaching Award in the UK.

The Award familiarises course participants with the mental tools and techniques that will help you to accelerate your personal and professional development in all aspects of your life and has been designed to benefit any ambitious learner looking to achieve the best possible outcomes both for themselves and those around them.

Whether you are a coach and want to learn more and improve, a business professional wanting to incorporate the principles of the Award into your workplace, or someone looking to enter the world of coaching and personal development, this course is ideal for you.

"The course was the most inspirational course I have ever done"

Lauren, Tottenham Hotspur FC

After working up close and personal with an array of professional footballers at the very top of their game, the Mindset Coaching Award brings together recognisable themes that have been identified in terms of how they think, act, and behave, allowing our coaching experts to formulate actionable insights into exactly what has propelled them to the top of world football.

The Mindset Coaching Award will challenge you in more ways than you can imagine. The way you do things. Why you do what you do. How you go about your day and interact and communicate with others.

It provides a curriculum comprising 6 key modules that ensures you will do effective deep self-analysis and appraisal, through a variety of thought-provoking discussions, challenges and activities.

Course participants will come away from completing the Mindset Coaching Award with the confidence and knowledge to act, in order to level up in life and positively impact even more greatly, those around them.

"Great start for mindset domination! Outstanding"

Weston, Crystal Palace FC

What's on offer?

- The Mindset Coaching Award is an Accredited course
- Delivered over 6 modules designed to challenge your current way of thinking
- Created by experienced industry experts
- You will be supported and mentored throughout and given personalised feedback
- Lifetime access to our private MCA Alumni Network - where we will offer up exclusive invitations to events and online webinars with special guests and exciting names from around the world.
- Access to recordings of any/all live video sessions
- Graduation event at the conclusion of the course.

Each course is facilitated by two expert tutors and will have a limited cohort size in order to promote engagement, impact and networking in class. On completion, you will join the Mindset Coaching Alumni Network and receive your Certification to confirm you've completed the course.

This is about your personal development. The best investment you can ever make. To find out more and book your place on the next available course visit:

Street Soccer Stars Division

Our Street Soccer Stars Division is our children division of the Foundation and provides a range of programmes and project interventions for 5-17 year olds throughout the year, both during term time and school holidays.

“The Street Soccer Stars Division comprises the following programmes:

- Street Soccer Youth Academy
- Street Soccer Holiday Camps
- Street Soccer Schools
- Street Soccer Community School (primary level)
- Street Soccer Community School (secondary level)

“If you’re really lucky, you might see me at one of your sessions too!
ROOOOAARRRRR!!!!”

STREETZ
Official Street Soccer Stars
Mascot

Street Soccer Youth Academy

Working in partnership with Schools and Colleges as well as Public Services, the Street Soccer Youth Academy is for referred young people aged 14-17 (Years 9-13).

The Youth Academy is a mirror of the young adult Street Soccer Academy personal development course - but provides a more subtle grounding in the development of personal and soft skills coaching, and is further supported by the provision of 1-to-1 mentoring for each young person joining the programme.

Each session is delivered over a half-day once a week for ten consecutive weeks and offers selected young people the chance to improve their communication skills, confidence and self-belief, as well as their mental and physical health and well-being.

Each course intake is typically between 10-12 young people per Youth Academy.

Course investment:
£50 per week per young person

If you represent a School, College or Public Service and would like to learn more and/or book our Youth Academy programme for the benefit of your young people, please contact our Head of Community, Kay Skelton:
kay@streetsoccerfoundation.org.uk.

"The coaches have been brilliant. I've learned new skills and made new friends. I don't want it to end!"

Chris

Holiday Camps

Our Street Soccer Holiday Camps are engaging and inclusive multi-activity sessions that run daily throughout school term holidays supporting children to eat more healthily, be more active, and to take part in engaging and enriching multi-sports and activities which support the development of resilience, character, and well-being, all the while providing children with a greater education of health and nutrition.

Our Holiday Camps are free to attend and exclusively for school children in receipt of benefits-related free school meals, and seek to support emotional wellbeing, physical and mental health, all the while allowing children and young people to express themselves in a fun and safe environment.

Operating innovative and exciting programmes that are designed to capture every child's interest and imagination, our Camps feature activities including messy play, outdoor learning

and sports games. From football to rounders, dance to tennis, Nerf to dodgeball and cricket to arts and crafts, there is something for every child to enjoy every day.

Our team of highly qualified sports coaches and team leaders will look after your child(ren) in a high energy multi-activity camp environment each day throughout the school holidays.

Our Holiday Camps work in conjunction with the 'Holiday, Activities and Food' (HAF) Programme: a Government funded scheme that aims to provide childcare and nutritional meals to children from disadvantaged families during the school holidays.

This means that at every daily session, breakfast, healthy snacks and refreshments are served, as well as a nutritious cooked lunch for all children.

Camp Activities

We have 4 main activities in a Camp day, 2 taking place in the morning and 2 in the afternoon, which can include the following:

- Ball games such as football, basketball and dodgeball
- Striking and fielding games such as hockey, cricket, rounders and tennis
- Target & Themed games such as NERF Games, Water Games, and bowls
- Individual and Team games such as Athletics, Dance, Arts & Crafts, Outdoor learning and kids' choice games.

To find out more, visit:
streetsoccerfoundation.org.uk/projects/stars

"I'm a working mum and it can be stressful at home on the holiday. My daughter gets to mix with other children and it helps me network and meet other parents too. This programme helps so much."

Toluope (Parent)

"It's so important. For mental and physical health. It's a lifeline. It helps financially and mentally. My kids are definitely coming back!"

Sarah (Parent)

A close-up photograph of a child's hands holding a white soccer ball with blue and black patterns. The child is wearing a teal shirt. The background is a blurred outdoor field.

Street Soccer Schools

Our Soccer Schools run during the school holidays as an alternative offer to our Holiday Camps for children and families. The Soccer Schools are a fantastic way for children of all abilities to stay active, learn and develop their football playing skills, keep fit and make new friends – and importantly, have fun in a safe and secure environment.

Our Soccer Schools give children an opportunity to socialise with friends and interact and work together with other children from different schools and football teams too.

Young players will also have the chance to work on their football skills in drills and matches put on by our expert coaches.

We pride ourselves on providing a child-centred environment, where fun and enjoyment are key in helping your child to fall in love with the beautiful game – if they haven't already!

At every Soccer School we ensure that through structured practices and confidence building games, your child will be able to express themselves throughout each session.

Our UEFA and FA qualified coaches all have up-to-date DBS and First Aid qualifications and use the best teaching methods from around the globe to:

- Help bring out your child's true potential
- Nurture and develop every child
- Guarantee your child will have lots of fun!

We finish each Soccer School week with a presentation, where Certificates and Medals and individual Prizes are awarded.

To find out more and to book onto the next available Soccer Schools visit: streetsoccerfoundation.org.uk/projects/stars

Street Soccer Community School

Designed as an Alternative Education Provision (AEP), the Street Soccer Community School project offers a structured combination of qualified community football coaching, interactive and educational workshops, and 1-to-1 mentoring (“Team Talk”) sessions, delivered over 12 key modules.

The Community School project is initially booked most typically as a 12-week intervention (with each module delivered once per week) which often leads onto an extended 36-weeks provision in total. Each 60-90 minute session is delivered once a week throughout the School year at partnering Schools (typically replacing a PE lesson).

The target audience at Primary Schools is children in Years 1 & 2, 3 & 4, and 5 & 6 (ages 5-11); and at Secondary level, school children are in Years 7-10 (ages 12-15).

10-20 places are made available for each Community School project delivered. Each session typically covers one of the 12 core modules with each designed to help support and develop physical and mental health and well-being, targeting social, emotional, behaviour and resilience.

Changing Attitudes and
Behaviours to effect Positive
Future Outcomes

The programme uses football as the anchor sport to engage and inspire Primary and Secondary School children to adopt happier and healthier lifestyles; as well as support those who struggle to engage in lessons and stay out of trouble.

The football coaching element will support children with their physical and mental health and well-being, with facilitated workshops to help develop soft skills, added with mindset coaching and tailored mentoring support.

Ultimately, all sessions seek to enable young participants to improve their self-belief, confidence and resilience, as well as enhance their behaviour and engagement.

Typical Programme Learning Topics:

- Session 1: Building Resilience
- Session 2: Being a Team Player
- Session 3: Improving Behaviour
- Session 4: Managing Stress
- Session 5: Coping with Change
- Session 6: Improving Communication
- Session 7: Being Kind
- Session 8: Being Positive
- Session 9: Building Confidence
- Session 10: Stop Worrying
- Session 11: Believing in Yourself
- Session 12: Being the Best You Can Be

The Street Soccer Foundation is committed to making a difference and improving outcomes in the lives of vulnerable and disadvantaged children. Over the years, our support has been pivotal in building the resilience of young participants across our programmes, as well as reducing the burden on public services such as health and welfare.

Project intake:
Typically between 10-20 children / young people per Community School.

The Community School Investment:
£2,595 per Community School

If you represent a School, College or Public Service and would like to learn more and/or book our Street Soccer Community School programme for the benefit of your children and young people please contact our Head of Community, Kay Skelton:
kay@streetsoccerfoundation.org.uk.

FOOTBALL FOR GOOD

The Global Initiative

In early 2023, the Street Soccer Foundation was formally recognised by The Commonwealth Secretariat and secured a new and exciting global partnership – being appointed as the UK representative organisation to lead on a ‘Football For Good’ initiative in support of ‘The Year of Youth’.

The official landmark launch of the 2023 ‘Year of Youth’ took place at The Commonwealth HQ in London and represented a seminal 12 months devoted to the celebration and empowerment of under-30s living in and across the Commonwealth.

The Global Agenda

The Commonwealth comprises 56 independent countries from across Africa, Asia, the Americas, Europe and the Pacific. 2.5 billion citizens live in Commonwealth countries, with more than 60% aged under 29, representing more than 1.5 billion young people. The Street Soccer Foundation is proud to be partnered with The Commonwealth and to be supporting the ‘Year of Youth’ through our Football For Good initiative.

What is ‘Football for Good’?

‘Football For Good’ is a global movement established by the Street Soccer Foundation with a worldwide agenda aimed at showcasing how the power of football brings people together. How football can champion peace, equality, diversity and inclusion. How it can unite communities all over the world. And how it can inspire, educate and empower others to make a positive change – both for themselves and their communities.

Keith Mabbutt (Founder, Street Soccer Foundation) with Layne Robinson (Head of Social Policy Development, The Commonwealth Secretariat) at The Commonwealth HQ, London

“Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand.”

Nelson Mandela

INTERNATIONAL FOOTBALL FOR GOOD DAY

In 2023, the inaugural International Football for Good Day, established and led by the Street Soccer Foundation, will take place on Sunday 19 November and intends on becoming a global amplification of football-led programmes and activities over 24 hours across the Commonwealth.

In the UK, the global initiative has the support from the Royal Family, the Prime Minister, and The Mayor of London, and will represent a national celebration of youth leadership, education, development and empowerment work delivered throughout the year.

Football is a team sport...

If you love the game as much as we do please get in touch with us to join the movement. Whether you are an organisation, player, a manager, an educator, a fan, a coach or a spectator; we invite you to share with us your stories of how the beautiful game has impacted you and how you may be using football as a force for good for the benefit of others.

FOOTBALL FOR GOOD

GLOBAL

Football For Good Leagues

The Football For Good Leagues have been established by the Street Soccer Foundation and represent the first national 5-a-side football leagues to use the power of football to enable anyone and everyone taking part to play a crucial and active role in helping to create positive social change throughout the UK. They are the first adult 5-a-side football leagues with a social heartbeat to support good causes in communities nationwide.

- 100% Match Fees Donated to Charities
- Weekly Matches
- Get Active & Meet New People
- Good for Physical and Mental Health
- Putting unity into community

Putting the local community at the centre of each of the leagues established, the Football For Good Leagues will bring whole communities together, providing a fun, friendly and competitive sporting focus for everyone, all the while enabling league participants to help change the lives of others in their local community.

FOOTBALL FOR GOOD LEAGUES MISSION

To unite communities nationwide enabling participating players to become true Change Makers: supporting themselves and others through the power of football. Together, Playing for Change.

Monies from player participation are used to help fund charitable endeavours throughout the country related to tackling major social issues and supporting young people and families.

Bringing together teams of working professionals and the general public from across the country, representing organisations large and small, the Football For Good Leagues offer a unique opportunity for businesses and individuals to meet and network whilst looking after their health and well-being – and at the same time, allowing league participants to give back and sponsor children and young people in their local community.

Matches are played weekly throughout the year, with a minimum of 8 teams in each operating League nationwide.

Football for Good: Social Impact

As part of the Football For Good global initiative, the Football For Good Leagues model ensures 100% of weekly match fees from each Football For Good League established will be donated through the 'Football For Good Network' to all appointed CCOs – helping local people on a national level.

Each year across England & Wales, up to £1/2 million (unrestricted) funding will be made available and offered by the Street Soccer Foundation for equal distribution to all 92 professional football club community organisations across the Premier League and English Football League – specifically to assist the work of CCOs supporting children and young people.

'Football for Good' Network

The Football For Good Network is managed and operated by the Street Soccer Foundation and as the parent operator of all Football For Good Leagues, the Street Soccer Foundation openly invites all Club Community Organisations across England and Wales to join the movement and become a new member of the Football For Good Network - for free.

Would you like to be a charity beneficiary and host a Football For Good League?

If you can host a Football For Good League and reach out to your supporters to encourage them to get involved and play for change, we would be delighted to speak with you. We are adding new Football Club Community Organisations to our national Football For Good Network all the time. Become a free member and join the movement today.

Apply now to set up your Football For Good League and secure your funding

To obtain a share of the Football For Good Impact Fund each year, each CCO must register to become a free member of the Football For Good Network. Your CCO will then be assigned to a Football For Good League established in your local community.

For more details and to join the Football For Good Network please visit:
www.footballforgoodleagues.org.uk

IT'S TIME TO JOIN THE NEW NATIONAL MOVEMENT. THE FOOTBALL FOR GOOD LEAGUES: PLAYING FOR CHANGE.

IT'S EVERYONE'S GAME.

Our Thanks

The Street Soccer Foundation exists to bring the power of football into communities nationwide; and to inspire and encourage vulnerable and disadvantaged children and young people to turn their lives around for the better.

The work our charity carries out and oversees through our valuable partnerships sees us collectively help in areas across Sport, Education, Health, and Employment. All essential areas to improving the community and social well-being of those we engage, across all the regions we support nationwide.

We are committed to making a difference and improving outcomes in the lives of vulnerable and disadvantaged young adults, children, and their families – and we only achieve what we do through the valued funding we receive from our official supporters, donors and sponsors, and the fantastic support and engagement we receive from our delivery partners. We are sincerely grateful.
